Re: A-level Revision Days

Dear **NAME**

The Coventry and Warwickshire Further Mathematics Centre is pleased to announce its programme of upcoming Revision Days designed to prepare students for module examinations in May/June.

Wednesday 29th April

Further Pure 1 (AQA)

Wednesday 6th May

Further Pure 1 (MEI)

Further Pure 3 (MEI)

Mechanics 3 (MEI)

Statistics 3 (MEI)

Thursday 7th May

Core 2 (all specifications)

Friday 8th May

Core 4 (all specifications)

Wednesday 13th May

Further Pure 2 (MEI)

Numerical Methods (MEI)

Decision Maths 2 (MEI)

All Revision Days will take place at the Mathematics Institute, University of Warwick from 12.00pm to 4.00pm

Experts in these modules will present an overview of the content with particular focus on examination questions and technique. Revision Days give students a chance to review their knowledge and provide students with momentum for their own personal revision programme.

At a Revision Day, students receive a substantial revision pack for the specification they follow containing summary sheets and handwritten complete solutions to exam questions. A buffet lunch is also provided. **The charge is £20 for students who are not currently studying that specific module through the Further Mathematics Network.**

Your school/college is responsible for complying with the usual regulations regarding trips for your students. Please let us know if there is anything you think we might be able to help with.

Teachers can attend the Revision Days free of charge; they represent an excellent opportunity for teachers to get an overview of a module they may not have taught before.

In addition to the above revision days, **a number of free online revision sessions are available** as detailed below.

Sunday 10th May

Numerical Methods (MEI) 10am to 1pm

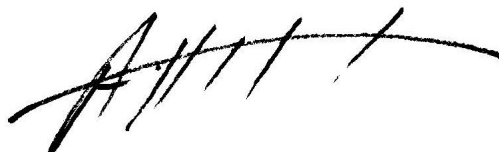

Decision Maths 2 (MEI) 2pm to 5pm

Thursday 14th May

Mechanics 2 (MEI) 4:30pm to 7:30pm

Should you wish to book places on any of the Revision Days please either e-mail me or complete and return the attached form by post by no later than Friday 24th April.

Yours Sincerely,

Adam Boddison
