

Mature Student Course in AS Further Mathematics

For the first time in 2009/10 the Further Mathematics Support Programme is offering a lectured AS-level Further Mathematics course open to mature students only.

- Approximately 27 hours of live online lectures over the whole year
- 6 hours of live online revision sessions
- Access to extensive acclaimed online resources
- A moderated forum specifically for course participants

The modules we offer tuition in are Further Pure 1, Further Pure 3 and Decision 1 (all with the AQA specification). **A level mathematics is a prerequisite for this course.**

The total cost of this is £200. Course participants must make their own arrangements to enter examinations, arrange any necessary certification and ensure they have access to the three course textbooks.

All sessions delivered live online via Elluminate on Thursdays 6.30 – 8.00pm. To access the sessions a computer connected to the internet is needed. All successful applicants will be sent full instructions about how to access the sessions.
